

COUNTY OF SUFFOLK

STEVE LEVY
SUFFOLK COUNTY EXECUTIVE

DEPARTMENT OF
PARKS, RECREATION AND CONSERVATION

JOHN W. PAVACIC
COMMISSIONER

TRACEY BELLONE
DEPUTY

COMMISSIONER

February 11, 2010

Dear Camper,

In response to many complaints we have received about excessive generator use at the campgrounds, we have evaluated the current policy and have decided to follow the lead set by guidelines of the New York State Park campgrounds. Generator hours will be from 9:00 am – 1:00 pm and then from 5:00 pm – 9:00 pm ONLY. These hours will be strictly enforced.

Campers who require 24 hour electric use should make every effort to reserve an electric site to accommodate their needs, or use the battery option that comes as back-up with most medical devices. Physician notes will no longer be accepted as an exception to this rule.

Thank you for your cooperation in this matter.

Sincerely,

Tracey Bellone
Deputy Commissioner
